We will be hiking the paved multipurpose trail in a counterclockwise direction. There will be a mix of shady and sunny areas as we hike through forested areas and meadows. There are a couple of long hills to climb, but for the most part the hike will be flat.

Options: 1. Participants can turn back at any point and go back to their car if they cannot do the entire 3.8 mile trail. 2. Participants can hike the full 3.8 mile multipurpose trail. 3. To gain a bit more than 4 miles, participants can hike through the picnic area near Schrock Lake and up to two of the lake's fishing areas. After this detour, participants can travel back through the Schrock Lake picnic area and then get back onto the multipurpose trail to conclude the hike.
